COMPLIANT TODAY. BREACHED TOMORROW.

3 SIGNS YOU'RE COMPLIANT, NOT PROTECTED

- 1 Can you see DMs, not just channels?
- 2 Can you produce evidence in hours?
- 3 Have you tested your controls?

THE REALITY

- Slack & Teams DMs are a compliance blind spot
- Manual investigations take weeks, not hours
- Compliant on paper isn't the same as protected in practice

HOW WE CLOSE THE GAP

Aware gives Legal, Compliance & Security one
view of collaboration risk, with answers in minutes.

- AI-assisted investigations with full context
- Built-in legal hold & eDiscovery workflows
- Real-time detection across collaboration tools & more

• THE BLIND SPOT •

- No visibility into agent owners or data access
- Unsanctioned agents move faster than policy
- One unmanaged agent is one very bad headline

• HOW WE CLOSE THE GAP •

Incydr sees every human and AI agent touching
your data, and stops the risky ones first.

- Live risk score for every human and agent
- Deploys in days, no policies to write
- Automated response for shadow AI & departing employees

Leader in the 2025 Gartner® Magic Quadrant™ for
